We utilize PowerSchool for our student information system.

In preparation for the start of the school year, please review your child(ren) contact information and make any necessary changes using your PowerSchool account. This is important to ensure you receive school communications and in the event of an emergency.

Once you are signed in, your child's name will be listed at the top of the screen. For parents with multiple children, a tab with each child's name will be listed at the top of the screen. Select the child's name to view their PowerSchool information.

Click on Forms - update as necessary. Make sure to submit all forms, even if there are no changes necessary.

IMPORTANT:

- For the Emergency Contact Form, please include all individuals who have permission to pick up your child(ren) from school, especially if they will be doing pick-up on a regular basis.
- For the Immunization form: It is very important that this form be updated for ALL students, even if you utilize the medical, religious, or personal conviction waiver.
